What a summer !!

We can't complain about the lack of sunshine, in fact sometimes it was too hot.

Granddaughter Emily and I did the "Aqua Sulis" tour, from start to finish for us 190 miles. O.K. when driving but searingly hot when not.

A good day also for the Hunter's Care Home fête and our annual memorial Cup event.

### **Haynes Museum Visit - 26th July**

It is many years since the FCCC last visited Haynes Motor Museum in Sparkford and since then the museum has undergone something of a transformation, from just being a collection of classic cars to a destination for enthusiasts and family alike. 22 club members and friends met in the very smart restaurant for coffee, before having a guided tour of the museum led by one of their volunteers who told interesting stories of selected cars. Following lunch we then went back into the museum to wander around at our leisure. Both the range and the way the cars (and motorbikes) are exhibited is impressive, as is their condition. Given the number of cars they cannot run them all as they would like but they are regularly started and taken out to their 'test' track as much as possible. Which cars are the most impressive? Well the cars in the 'red' room cover some of the great marques, but interestingly many members said that they found the area given over to the 1950/60's British cars, i.e. those many of us used to own, the most interesting. I also have to admit that, although not totally to everyone's taste, the American exhibits take some beating for design, bling and scale! Well done Bunny for organising this event.

### South Cerney Steam Fair 3rd. - 5th August

Frederik Folkerstad's Auto Union at the show  
with window mounted air conditioning unit

Once again the club exhibited at the annual South Cerney Steam Fair, but it is now so large with over 550 cars, 350 motorbikes 100s of trucks, buses etc', let alone the retail area, that the steam engines have become somewhat overshadowed! This year the FCCC had a very good turnout with around 9 cars on the Friday, 20 on the Saturday and 10 on the Sunday.

Our stand always seemed to be busy with visitors asking questions and admiring the cars. One person looking at my Mk2 Jag told me he painted it 30 yrs ago and was driven to his wedding in it and had a photo of it in his office! We also had a number of younger enthusiasts around who either had a classic or were looking to acquire one - maybe we will get some new younger members! The only downside this year was the weather (good old English moan) which was just too hot to enable us to get around the whole show. However, it was certainly an improvement on the last two years when the weather was pretty foul.

Thanks to Ken Hinton for coordinating the event.

### **Oakridge Village Fête**

We do realise that our Village Show takes place on a particularly busy Saturday in the Car Show calendar, but we value very much the loyalty FCCC members have shown us over the years.

We'd love to see as many members as possible this year. The Show offers hot food, Prosecco, beers, teas and cakes, ice creams and, for the energetic among you, a Bouncy Castle!

Our village Pleasure Field is attractively set and offers both sun and shade! The "Butchers Arms" is just 200 yards away.  
We hope you will join us.

Geoff Tebby has the Entry Form- or please contact us  
on 01285-760315.  
Best wishes,  
Mike and Helen Scott.
